NEBULAE

Torrent Client by Asian DVD Club

Native peer-to-peer torrent client

Fast, private, and lightweight

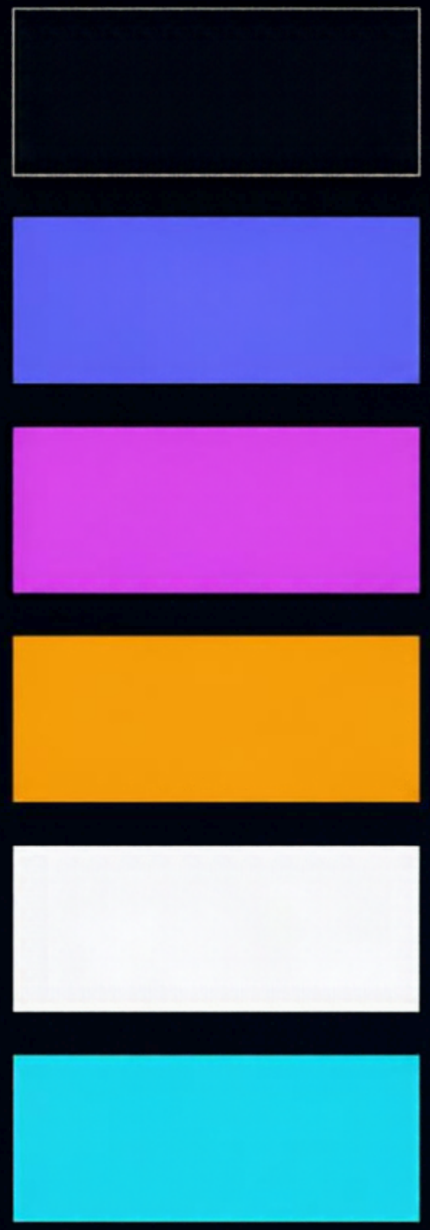

Built for power users

Color Tokens

A focused palette built for clarity, contrast, and a cosmic feel.

Consistent across surfaces, states, and visuals.

Void / Deep Space	#10131D
Indigo	#6366F1
Magenta	#D946EF
Amber	#F59E0B
Ivory	#F8FAFC
Teal (optional)	#22D3EE

TYPOGRAPHY

Three purpose-built typefaces for clarity, hierarchy, and code.

SPARTAN

Wordmark and headings

Geometric. Bold. Built for impact.

INTER

UI text and interface

Clean. Neutral. Optimized for reading.

JETBRAINS MONO

Code and identifiers

Precise. Consistent. Developer-ready.

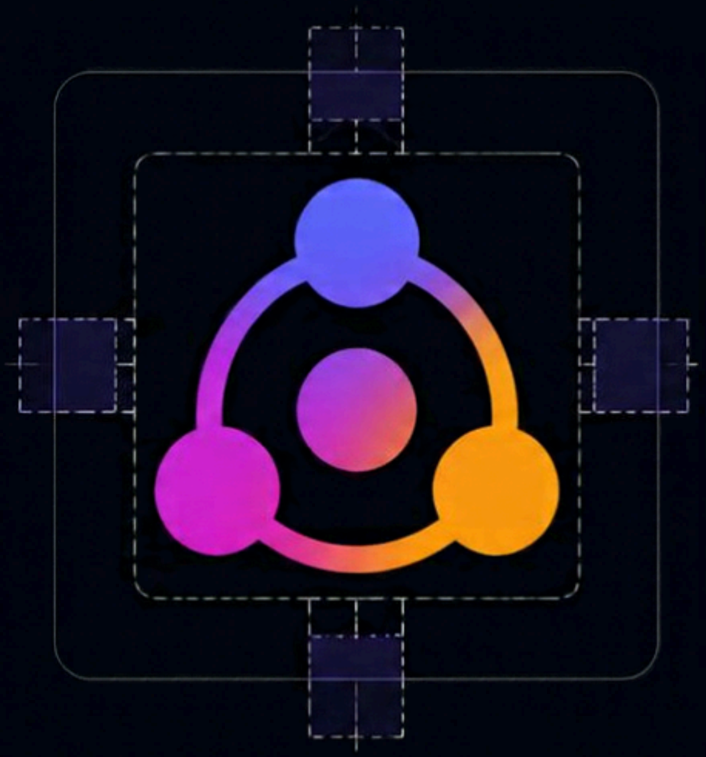

Icon Clear Space & Favicon Usage

Keep clear space around the mark equal to the height of one peer node.

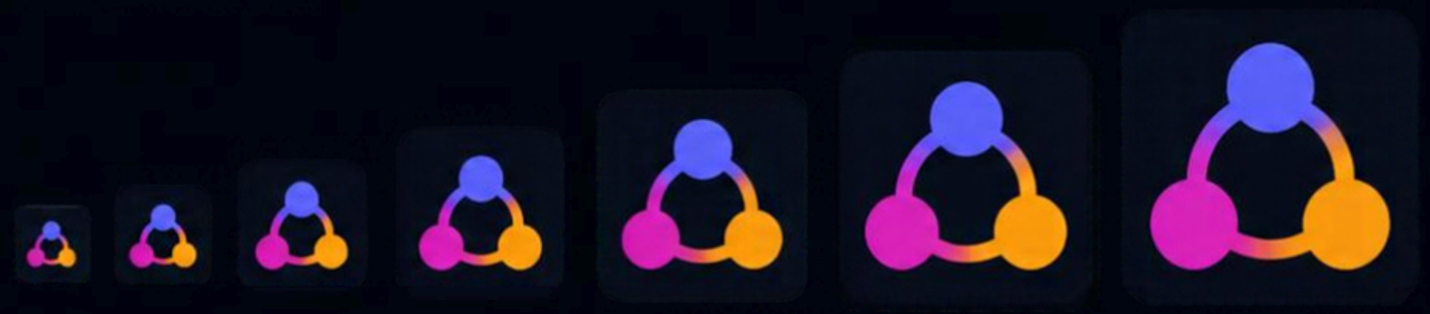

Use the simplified favicon mark below 48px for maximum clarity.

Never place text inside the app icon or favicon.

= Clear space equals the height of one node

Favicon sizes

Light & Dark Background Treatments

Use the mark to match the surface.
Keep it clear, consistent,
and unmistakable everywhere.

ON DARK SURFACES

ON LIGHT SURFACES

Never place the ivory mark on amber or magenta backgrounds.

Do & Don’t

Our mark is simple by design. Protect its clarity.

DO

Use the simplified mark at sizes below 48px

Keep the mark clean and uncluttered

Use one amber node maximum

DON’T

Stretch the mark

Outline the mark

Recolor the N

Add stars or orbits

Crowd the mark with peer meshes
